Technical Sprays and Technical Liquids

Technical sprays and liquid substances are used in almost all areas of industry. They are used for the care and protection of

surfaces, for cleaning and degreasing, lubricating, releasing and separating and are an indispensable part of daily work.

Cleaner Spray S

- powerful
- evaporates without residues
- not regreasing

500 ml ✓ 5 L ✓
11202500 15200005

Multi Foam

- powerful universal cleaner for residue-free cleaning
- cleans the most diverse types of surfaces such as metal, plastic, glass, ceramics or lacquered and coated surfaces

400 ml ✓
11200400

Surface Cleaner

- for pretreatment of bonding surfaces
- evaporates quickly without residues
- for metal and plastic

400 ml ✓ 5 L ✓
11207400 15207005

Citrus Cleaner

- universal cleaner based on citrus peel extracts
- cleans machines and systems, precision engineering components and precision mechanisms

400 ml ✓ 5 L ✓
11217400 15210005

Rust Shock

- the chemical wrench
- free of mineral oil, grease and silicone
- loosens threaded joints within a very short time

400 ml ✓
11151400

Rust Converter

- Rust Converter and base coat in one process
- protects from corrosion and is suitable for internal and external use

400 ml ✓
11155400

WSD 400 Pressurized-Air Spray Can

- refillable
- made of aluminium
- container volume of 400 ml

400 ml ✓
15811400

Rust Protection 2000 PLUS

- high corrosion and weathering resistance
- > 2000 hours salt spray test

400 ml ✓
11012400 charcoal-grey

400 ml ✓
11013400 silver-grey

Sealant and Adhesive Remover

- removes residues of hardened sealants and adhesives as well as lacquers and paints
- can be used on metal, wood, glass, ceramics, polyethylene and polypropylene

400 ml ✓ 5 L ✓
11202400 15213005

Silicone Spray

- sliding and release agent
- provides a durable separating film
- high sliding effect

400 ml ✓
11350400

Nonfood Compounds Program Listed R2

Zinc Spray bright grade

- coating of welded joints and drilled holes
- long-term corrosion protection
- with a bright colour shade matched to hot galvanization

400 ml ✓
11001400

Alu Grinding Protection

- effective with all abrasives
- silicone-free
- the grinding performance can be increased by up to 350%

400 ml ✓
11451400

Bio-Cut

- drilling and tapping oil
- biodegradable
- enables higher cutting performance

250 ml ✓ 400 ml ✓ 5 L ✓
15750002 11750400 15750005

Technical Sprays and Technical Liquids

NEW
500 ml

Double Nozzle
Only for the 500 ml product

Belt Dressing Spray

- prevents belt slip
- for all kinds of drive belts
- can also be used during ongoing operation

400 ml ✓
11511400

Pneuma-Lube

- lubricant for pneumatic equipment
- excellent weathering resistance
- high content of PTFE

400 ml ✓ 1 L ✓
11260400 15260001

W 44 T® Multi-Spray

- lubricates precision mechanics
- dispels moisture
- corrosion protection

400 ml ✓ 500 ml ✓ 5 L ✓
11251400 11251550 15251005

Epoxy Adhesives

Fast-Metal Minute Adhesive

- highly filled
- fast-curing
- gap-filling

24 ml ✓
10551024

Epoxy Minute Adhesive

- transparent
- fast-curing
- high adhesive strength

24 ml ✓
10550024

Can alternatively be processed with Quadro Mixing Nozzle (Art.-No. 10650005).

Plastic-Bond

- excellent adhesion on plastics
- high strength
- shock and impact resistant

24 ml ✓
10565024

Can alternatively be processed with Quadro Mixing Nozzle (Art.-No. 10650005).

Quadro Mixing Nozzle

Assembly Pastes

All kinds of influencing factors, e.g. moisture, temperature or friction, repeatedly lead to corrosion damage, seizure and wear on machines and installations.

Extensive repair and maintenance work at considerable costs are the consequence.

Especially under extreme conditions of application, e.g.

- high operation temperatures
- high pressure loads
- outdoor weather conditions

such consequences frequently occur.

Anti-Seize

- long-lasting protection against corrosion, seizure and wear
- high temperature resistant up to +1.200°C (+2192°F)
- exceptionally good separating effect

200 ml ✓ 500 g ✓ 10 kg ✓

WEICONLOCK® - Anaerobic adhesives and sealants

Especially designed for economical threadlocking, retaining and sealing of threaded, cylindrical and pipe assemblies.

After curing, the adhesive bonding is resistant to vibration, impact, chemicals, solvents and temperature from -60°C to +150 °C (-76°F to +302°F).

AN 302-43 TZW

- threadlocking
- thread connections up to M 36
- KTW drinking water - and DVGW approval

higher viscosity • medium strength
disassembly with normal tools

50 ml ✓
30243150

AN 302-70

- locking of threads and stud bolts
- thread connections up to M 36
- DVGW approval

medium viscosity • high strength
hard to disassemble

50 ml ✓
30270150

AN 305-42

- hydraulic and pneumatic sealing
- DVGW approval

medium viscosity • medium strength
disassembly with normal tools

50 ml ✓
30542150

AN 305-72

- pipe and flange sealing with PTFE
- immediate sealing effect
- DVGW approval

high viscosity • medium strength
disassembly with normal tools

50 ml ✓ 300 ml ✓
30572150 30572300

AN 306-38

- adhesive for bearings and bolts
- for bearings, bushings, gear wheels and bolts when gaps are up to 0,2 mm

medium viscosity • high strength
hard to disassemble

50 ml ✓
30638150

AN 305-77

- sealing of threaded pipes and fittings
- DVGW approval for oxygen

high viscosity • high strength
hard to disassemble

50 ml ✓ 300 ml ✓
30577150 30577300

Contact – Cyanoacrylate Adhesives

WEICON Contact are solvent-free instant adhesives. They bond various materials, such as metal, glass, wood, plastic, ceramic, leather and rubber, to and among each other in seconds.

VA 100

- Cyanoacrylate Adhesive for rubber and plastics
- medium viscosity
- slightly longer curing

30 g ✓
12050030

WEICON O-Ring Bonding Set

Elastic Adhesives and Sealants

Elastic adhesives and sealants are used today in many areas of industrial production and assembly. They combine the advantages of

adhesive bonding and sealing technology and are used wherever the elasticity and the sealing of a joint are the most important requirements.

Speed-Flex®

ISEGA
Certificate of Conformity as an
adhesive in food technology

WEICON GMK 2410

GMK 2410 is an adhesive based on polychloroprene (CR) for the high-strength, full-surface and flexible bonding of

- rubber to rubber
- rubber to metal

WEICON GK 2410 also bonds cellular rubber (e.g. neoprene), PE foam, leather, felt, insulating material, textiles, wood, and many plastics.

- high strength
- for large surfaces
- resistant to humidity

WEICON Solutions for Maintenance

No. 1 in Form & Funktion

Since 1967 we develop, produce and distribute an extensive range of wire stripping tools. This includes cable strippers, wire strippers, dismantling and multi-functional tools. Our tools have been developed for accurate, fast and safe stripping of all common cable

Wire Stripper No. 5

- for finely stranded and solid conductors with PVC insulation
- for all common conductors from 0,2 - 6 mm² (24 - 10 AWG)

51000005

Cable Stripper No. S 4-28 Multi

- stripping function integrated in the housing
- wire stripping of all common round cables of 0,5 und 6 mm²

50057328

Quadro-Stripper No. 16

- circular and longitudinal cutting - stripping - cutting
- exchangeable hook blade, firmly locked in any position
- anti-slip handle shape

52000016

Cable Scissors No. 35

- 2-component handles for increased safety
- high cutting performance
- blades made of special stainless steel

52000035

Wire Stripper No. 7 Magic

- for finely stranded and solid conductors with PVC insulation
- for all common round cables from 0,5 - 16 mm² (20 - 6 AWG flexible) (20 - 8 AWG massive)

51000007

Multi-Opener

The ideal tool for the gently opening of sensitive equipment and dismantling of clipped housings

- no scratching of sensitive surfaces
- conductive ESD material protects against electrostatic discharge
- flexible fibreglass-reinforced polyamide

52800000

Starter-Set Pro

- Wire Stripper No. 5
- Coax-Stripper No. 2
- Cable Stripper No. S 4-28
- Round Cable Stripper No. 13
